## PRIVILEGES OF CONTRIBUTORS.

---

**Subscribers of a Guinea** and upwards for more than one year are Governors as long as they maintain their subscriptions. Donors of ten guineas and upwards in one sum are Governors for life. Governors are entitled to send their own domestic servants for free treatment in the Hospital.

**Firms, Clubs, and Hotels** subscribing two Guineas annually may send one of their employés for free treatment each year; four guineas, 2; and five guineas, 3 employés.

**No Letters of Admission are issued.** It will be sufficient for contributors to give their names to ensure the free treatment to which their servants or employés may be entitled.

**Prompt Admission** may be secured as follows:—A medical man should be asked to certify the disease the patient is suffering from, and this certificate should be sent to the Hospital together with the name of a person who will undertake to see that the fee of £3 3s.\* (or £3 3s. a week, as the case may be) is paid. If the sufferer can be received, a brougham-ambulance with attendants, including a nurse when necessary, will be sent to convey the patient to Hospital. There is a charge, according to distance, for horse hire for the ambulance, to be paid in addition to the fee, except in the case of Governors residing within a radius of five miles of the Hospital. These are entitled to free conveyance for their servants as well as free treatment.

If the ambulances of the Hospital cannot be spared for the journey to a distant suburb, information will generally be given as to where to apply for a conveyance locally.

N.B.—Disregard of these instructions frequently causes delay and annoyance.

---

\* Not required in cases where sufferers are entitled to free treatment.

FOR THE

**Year ended December 31st, 1906.**

The number of patients who came under treatment in the Hospital during the year 1906 was 644, being 169 more than during the previous year, and a larger number than in any year since 1902 ; the number would have been greater but for the diminution in the number of available beds, owing to the continuance of the rebuilding operations.

SCARLET FEVER.—383 cases of Scarlet Fever were admitted during the year, and the total number under treatment was 420, of whom 354 were discharged cured, 6 died, and 60 remained in the Hospital at the close of the year. The mortality from Scarlet Fever was 1·6 per cent., a low rate though slightly higher than that of 1905.

MEASLES.—Ninety-two cases of Measles were admitted during the year, and 15 were already in Hospital at the beginning of the year : of the 107 cases under treatment, 98 left the Hospital cured, and 4 died. The mortality from Measles was 3·9 per cent.

RUBEOLA.—Forty-six cases came under treatment during the year, all, except one still under treatment, left the Hospital cured.

DIPHTHERIA.—Forty-six cases were admitted during the year, of whom 40 were discharged cured, 2 died and 4 remained in Hospital at close of the year ; the mortality from Diphtheria was 4·8 per cent.

DISEASES OTHER THAN INFECTIOUS FEVERS. — Twenty-two patients were sent into the Hospital suffering from various maladies, not infectious fevers as they had been certified ; the nature of these cases is detailed in the annexed tables ; one patient, a child, suffering from marasmus died, the remaining patients were discharged cured.

OFFICIALS OF THE INSTITUTION. — Two nurses contracted scarlet fever, and two measles ; one ward maid got diphtheria ; all recovered.

The Re-construction of the scarlet fever wards on the male side, which was the first portion of the work of re-building described in last year's Report, was completed, and the new wards were occupied in June last.

The old boiler house and laundry were then cleared away and a new block, partly one storey and partly two storeys in height, has been erected in its place, and this is partly, and within the next few weeks will be wholly, occupied. It contains a dining room for nurses and a servants' hall, each with its pantry, four store rooms und a testing room. All these are on the ground floor. On the upper floor are bedrooms for servants, with bathroom and boxroom.

It is hoped to commence building on the female side about the end of March or early in April.

The work of wiring the whole of the buildings for electric light has been put in hand and the whole of the male scarlet fever wards and the Resident Medical Officer's house have been completed. At the same time the necessary additions to the generating plant

are being made ; when these are completed the Hospital will be in a position to produce its own current for all purposes at a rate substantially less than that at which it could obtain a like amount from the public supply. The Committee desire to record their satisfaction with the admirable manner in which the new buildings have been reconstructed by the architect, Mr. Keith Young ; the main and private wards are well ventilated, bright and cheerful, and compare favourably with any hospital wards in London. The sisters' rooms and offices are all that can be wished, and the Committee congratulate Mr. Young on the manner in which he has substituted a new hospital for the old out-of-date buildings, with comparatively little interference with the work of the Institution.

In June, the Milner Gibson Estate on the north side of the London Fever Hospital was announced to be sold by auction, and at an Emergency Meeting of some Members of the Committee, it was decided it was for the interests of the Hospital to acquire the stable and 5 houses immediately adjoining the hospital garden. This property was purchased for the hospital for the sum of £3,400 ; this and incidental expenses, the total amounting to £3,511, have been met by the sale of India  $2\frac{1}{2}$  per cent. Stock.

The purchase of this property gives the hospital room for expansion, if at any time required, and allows of control over the stable premises, which were sometimes the cause of bad smells ; the houses on the property are tenanted, bringing into the hospital a ground rental of about £20 per annum ; these houses becoming the property of the hospital by the expiry of their leases in eight years' time.

Mr. John Hamer, who had been for many years (till ill-health compelled him to retire two years ago) a zealous member of the Committee and for a long time Chairman of the Finance Committee, died in November ; a vote of condolence with Mr. Hamer's family was passed by his colleagues at their December meeting.

The Donations during the year 1906 amounted to £756 5s. 11d., as compared with £1,914 11s. 6d. in 1905; £150 was received from King Edward's Fund; from the Hospital Sunday Fund, £187; and £20 from the Hospital Saturday Fund, as compared with £200, £356, and £25 respectively in 1905.

The Annual Subscriptions were £4,483, as compared with £4,661 in 1905.

The chief Legacies which fell to the Hospital were £500 from Mr. Higham; £250 from Mrs. Harral; from Mrs. Painter £200 7s.; from Mrs. Jeggins, £180; £100 each from Mr. Ward and from Mr. Claudet; and £56 16s. 8d. from Mr. Waters; the total from Legacies amounted to £1,398 13s. 8d., as compared with £3,721 in 1905—a decrease of £2,323.

The Fees received from Patients were £1,715, as against £1,157 in 1905.

Mr. H. E. CORBIN, B.Sc., M.R.C.S., L.R.C.P., was elected Resident Medical Officer in January, 1906, in the place of Dr. Hopwood, resigned; the tables appended to this Report were drawn up by Mr. Corbin.

### LAWS AND REGULATIONS.

---

#### Reception of Patients.

1. The Hospital is intended for the reception of persons suffering from infectious fever other than small-pox, and more especially for such of those persons as may require isolation, in order to prevent the further spread or propagation of the disease from them to others.
2. Any person (not being a parochial pauper) labouring under such disease shall, subject to the next rule, be considered a proper person for admission into the Hospital.
3. The Committee may from time to time make regulations for the admission of such persons as patients on payment of such sums **as may** be from time to time determined, provided always that—
  - (a) Domestic servants of governors shall be admitted gratuitously.
  - (b) The Committee may, if they think fit, at any time reduce or wholly remit the fees in the case of individual patients.
4. Applications for admission should be accompanied by a medical certificate stating the nature of the disease. The medical officers may, in the exercise of their discretion, refuse admission to any case which they deem unfit; but every refusal to admit a patient shall be reported at the next meeting of the Committee, together with the reason for the refusal.

#### Governors.

5. All subscribers of not less than one guinea per annum, who have subscribed for more than one year, and all donors of not less than ten guineas in one donation, shall be governors of the Hospital. This rule shall not be retrospective.

## General Meeting and Election of Committee.

6. A general meeting of the governors, of which ten days' previous notice must be given in three morning newspapers, shall be held every year, on the second Friday in February, or as near thereto as may be convenient, for the purpose of approving or rescinding the proceedings of the Committee for the preceding year; for receiving the annual report of the state of the funds; and for electing a president, vice-presidents, treasurer, honorary secretary, and other members of the Committee for the ensuing year.

7. The Committee for the management of the Hospital shall consist of the president, the vice-presidents, the trustees, the treasurer, honorary secretary, and not less than fifteen nor more than twenty-five other governors.

8. A special general meeting of the governors may at any time be called by direction of the president or of the Committee; or on the requisition of any twelve governors, provided the requisition be made in writing to the secretary, and the purpose for which the same is summoned be published in three morning newspapers at least ten days prior to the meeting; but the proceedings of such special general meeting, though acted upon *pro tempore*, shall not be deemed final until confirmed by another general meeting.

9. No new rule or law shall be made, nor shall any existing rule or law be repealed or altered, until determined upon at a general meeting by a majority of governors present and voting, and until confirmed at a subsequent general or special meeting.

10. The presence of seven governors shall be necessary to constitute a quorum at general meetings, and without that number no business shall be transacted.

## The Committee.

11. The Committee shall manage the Hospital. They shall meet on the second Friday, or on such other day of every month as they may appoint; and three members shall be necessary to constitute a meeting and to transact business. A special meeting of the Committee may be called by the direction of the honorary secretary, or by any three members of the Committee, on giving at least three days' notice of the same to the members of the Committee, and specifying the business for which it is called.

12. The Committee shall have authority to appoint sub-committees, whose reports shall be submitted to their consideration; and with the assistance of the medical officers shall, from time to time as may be expedient, form regulations and by-laws for the internal management of the Hospital.

13. The resolutions of one meeting of the Committee shall not be rescinded by another, unless it be specially summoned for that purpose.

14. The Committee shall yearly publish a report of the state of the Hospital.

15. All accounts, except such sums as may be comprised under the item of petty cash, shall be submitted to the Committee at the monthly meetings, after having been duly examined by the secretary, the resident medical officer, the house directors, and certified by the auditor; and such accounts, if approved, shall be paid by cheques, payable to order, signed by two members of the Committee, on production of the house directors' minutes relating to them, and countersigned by the secretary.

16. No member of the Committee shall furnish, otherwise than gratuitously, any goods, provisions, or other articles, for the use of, or on account of, the Hospital, or be concerned in any contract, directly or indirectly, for supplying the same, or be employed for hire, fees, wages, or profit in any office or employment in connection with the Hospital.

### Conduct of Meetings.

17. At all meetings a simple majority of the members present and voting shall bind the minority; and in case of equality of votes, the chairman shall have an additional or casting vote.

### Treasurer.

18. The treasurer, if present, shall take the chair at all meetings of the Committee, in the absence of the president or vice-presidents. He shall keep an account at the bankers', and all moneys received for the use of the Hospital shall be paid to such account; he shall honour cheques signed, as provided in Rule 15.

### Honorary Secretary.

19. In the absence of the Committee, the honorary secretary shall represent the Hospital with the public and with public bodies, reporting his action to the Committee.

### Audit.

20. All accounts of the Hospital shall be audited by a professional auditor. The auditor shall certify the accounts, and it shall be his duty to report to the Committee anything in the books or accounts which in his opinion appear to call for comment.

21. At the meeting of the Committee in November, three gentlemen, one at least of whom shall not be a member of the Committee, shall be appointed to examine the accounts of the Hospital for the current year, and approve an abstract of all receipts and disbursements to be prepared by the secretary, and laid before the annual general meeting in February.

They shall in like manner appoint a chairman of house directors at their meetings in May, August, and November. The same person shall not, unless by special resolution of the Committee, be elected for two terms in succession. The Committee at each monthly meeting shall appoint two members of their body to be house directors for the ensuing month, one of whom, if possible, shall not have served during the previous month. If the same house directors are re-appointed, they shall only be so appointed by special resolution.

23. They shall from time to time cause the beds, clothes, and apparel belonging to the Hospital to be examined, and shall report thereon, if necessary, to the Committee. They shall inspect the tradesmen's bills, and take care that the provisions, bedding, clothing, furniture, and every article for the use of the Hospital be supplied on the most reasonable terms; they shall order in writing all permanent stores, and shall advise the Committee as to all larger requirements and structural alterations.

24. All articles required in large quantity shall, where practicable, be supplied by contract after public tender, and all considerable contracts for work or repairs be made after public tender or invitation to not less than three respectable firms, but the house-directors shall not be obliged to accept the lowest or any tender.

25. They shall be authorised in all respects to enforce the observance of the regulations of the Hospital; they shall notice and report to the Committee any irregularity or misconduct on the part of the officers, servants, or patients of the charity, and shall, at every meeting of the Committee, cause a statement of the house expenditure to be produced for the preceding month. They shall appoint and dismiss, or approve the appointment or dismissal, of all nurses, porters, and other servants, male or female.

26. The chairman of the house directors shall, during the intervals between their meetings, be authorised to exercise the functions of the house directors in any matter of urgency, reporting, at their next meeting, what he may have done under this authority.

35. He shall superintend the wards and Hospital generally, between the visits of the physicians, and the dispensary shall be exclusively under his control. In the absence of the Committee and house directors, he shall be recognised as the head of the establishment.

36. He shall keep accurate registers of the patients and of their cases, which registers shall be the property of the Hospital; he shall produce a special report every month, to be laid before the Committee.

43. The matron shall have the direction of the nurses and female servants of the Hospital, subject to the superintendence of the house directors and the resident medical officer, and shall be responsible for the care and order of the wards. She shall have charge of the housekeeping arrangements, and shall perform the duties appointed by the by-laws.

### Election of Officers.

44. The physicians, surgeon, assistant physicians, architect, resident medical officers, matron, auditor, and secretary shall be elected by a Committee comprised of the Committee for the management of the Hospital, the honorary medical officers, and the architect.

### Salaries.

45. No variation in the fixed salaries of officials shall be made unless the Committee be summoned for that purpose, and unless the proposed addition or diminution be confirmed by a subsequent Committee.

### By-Laws.

50. The by-laws which shall from time to time be made by the Committee shall be open to the inspection of any governor, and shall contain, among other things, a full specification of the duties of the resident medical officer, the matron, and other officers and servants of the Hospital, together with the terms of their employment.
